

Simplifies the use of the resins and makes the purification process a simple and rapid one.

Empty FPLC Columns

ABT offers four different sizes of single-use columns suitable for FPLC and ÄKTA design™ chromatography systems. Empty FPLC Columns have the functionality of a small column but provide other advantages: disposable, easy to pack, identical designs for different sizes, accurate for reproducible packing, robust construction allowing moderate back pressure, and easy to store with long shelf-life.

Empty Cartridges

ABT offers single-use 1 ml cartridges compatible with common chromatography instruments.

The customer can use any type of chromatography media (> 20 µm) including the ABT range of products for packing the cartridges. We recommend packing using the bulk resins available from ABT.

Empty Columns

Adequate for working with gel volumes of 100-200 µl Plastic Small Columns, 0.5 – 2 ml Plastic Columns or 2 – 6 ml Plastic XL Columns.

Empty Mini Columns

Serves as a tool for purification using small quantities of resin (100 – 250 µl). It is a single-use format for centrifuge purifications.

Empty Spin Columns

Allows working with small quantities of resin, around 50 to 100 µl. Adequate for purifications with syringe (luer lock system) or by centrifugation.

ORDER INFORMATION

EMPTY FPLC 8ml (3 columns, 9 frits & 6 caps)
CAT. No. FPLC8-3

EMPTY FPLC 30ml (2 columns, 6 frits & 4 caps)
CAT. No. FPLC30-2

EMPTY FPLC 45ml (2 columns, 6 frits & 4 caps)
CAT. No. FPLC45-2

EMPTY FPLC 80ml (1 columns, 3 frits & 2 caps)
CAT. No. FPLC80-1

FPLC LUER LOCK-MALE CAT. No. FPLCLM-1

FPLC LUER LOCK-FEMALE CAT. No. FPLCLF-1

EMPTY CARTRIDGES 1ml (5 Empty Cartridges)
CAT. No. EB-Ctg1-5

STOP PLUG (10/ Pack)
CAT. No. SEB-10

SYRINGE CONNECTOR (1 connector)
CAT. No. SCEB-1

PLASTIC SMALL COLUMNS (20 columns)
CAT. No. CS-20

PLASTIC COLUMNS (50 columns)
CAT. No. C-50

PLASTIC XL COLUMNS (50 columns)
CAT. No. CXL-50

PLASTIC MINI COLUMNS (25 columns)
CAT. No. MC-25

PLASTIC MINI COLUMNS (100 columns)
CAT. No. MC-100

PLASTIC SPIN COLUMNS (25 columns)
CAT. No. SP-25
